Application for Registration into The Registry & Listing with The American Pit Bull Terrier Historical Society

PLEASE READ THE FOLLOWING CAREFULLY:

1. All dogs submitted for registration into The Registry must be verified through their seventh (7th) generation prior to completion of registration taking place.
2. To single register a dog with The Registry, there are two methods:
 - a. If your dog is already registered with another registry service, then this is considered as a **"Duel Registration"**. Submit a Xerox copy of the Ownership Certificate indicating you as the rightful owner and a Xerox copy of the pedigree for verification. With the Xerox copies attach a letter stating that you are still the current and rightful owner of the Pitbull requested for registration. Attach all documents to this Application for Registration and sign the application and submit the packet for verification and registration. NOTE: The back of this form does not have to be completed when Application for Registration is submitted in this manner.
 - b. If the Ownership Certificate and Pedigree is not available from another registration service, then this is considered as an **"Open Registration"**. Complete this Application for Registration, front and back, in its entirety. NOTE: **Remember to PRINT all information legibly.**
3. All information submitted to The Registry must be verified prior to registration actually taking place.
4. The Registry reserves full right to void these papers and all associated documents at any time that fraudulent application and/or protest of pure-bred status are proven. Any Member of The Registry proven to knowingly falsify documents to obtain registration is subject to be banned from all future registration privileges.
