Application for Kennel Name Registration Into  
The Registry & listing with the American Pit Bull Terrier Historical Society

Please read the following carefully:

1. The processing fee for researching a kennel name, verification and registration of that name to an individual (s) is \$100.00.
2. Immediate Family Members are included with the Kennel Name registration free of charge, however, if they are going to have the power of transfer and registration, their names must be listed on the back of this form along with relationship to the person applying for the registered Kennel Name. (Immediate Family: Husband, Wife, Father, Mother, Son, and Daughter. Exceptions may be applied for in writing)
3. Please list at least two (2) desired Kennel Names. After researching the desired Kennel Name, if that Kennel Name is denied due to prior ownership, then the applicant will be notified.
4. It is the policy of The Registry that should a conflict occur between two Members, as to the use of a prefix such as a Registered Kennel Name, both claiming the right to or the use of that desired name, then the individual that provides documented proof of having and/or using that desired name the longest, shall have the right to it. The other Member must then choose another name or another registry. Just because a person is deceased is not, by itself, a valid reason to use or take up a respected name. The same holds true with established, respected names regardless of where they register their dogs. We at The Registry will continue to respect and honor those names and not allow anyone to duplicate those names solely on the basis of membership. Examples, both living and deceased, The Registry recognized ONLY ONE, Mountain Man, Mississippi Hawk, Irish Jerry, The Reverend, and Hiwassee. By doing so, we, hopefully, help to discourage and/or eliminate impostors of reputable breeders. The Standpoint of the Members being: "A name must be earned and can not be bought. No amount of money can buy or replace the earned reputation of a man or the dogs he has raised and produced and has taken years to build and defend.
5. Partners and/or Associates outside the immediate family members may be added to the signature list of the Registered Kennel Name, providing them the right to transfer and register dogs under that registered kennel name. The fee for such additional listing is \$50.00 for each individual added.
